Entering Lounges Priority Pass without a Physical Membership Card Find all posts from "Bet you didn't know" here. Here are some cool tricks with WorldPoints, but you need the right set of Bank of America cards to perform them. Other Recent Posts from the series "Bet you didn't know": American Airlines still offers free 24 hours keep improvements to Amex's Plenti Rewards program? What is even less known is that old WorldPoints Fidelity are transferable between any other Bank of America WorldPoints card and even to and from Bank of America's Visa Travel Rewards card. Finally, the Bank of America Travel Rewards Visa card can be combined with the Preferred Rewards program to receive 2.625 % refund on all purchases. Your Fidelity WorldPoints will be transferred to Fidelity FlexPoints. WorldPoints is a former rewards program owned by Bank of America that has been virtually eliminated, but some WorldPoints cards from Bank of America are still available. These WorldPoints were earned at 2x per dollar which could then be deposited into a Fidelity account at 1 cent per point (thus equivalent to 2 % cash back). If you want to risk Fidelity FlexPoints being transferable to U.S. Bank FlexPerks, then you can move some WorldPoints to Fidelity before conversion. Again, this cash back is technically earned as points but even though these aren't real WorldPoints, several reports and my own tests show that they can be transferred back and forth between Fidelity cards and other WorldPoints. I know what you're thinking. Basically, for people who currently have a loyalty card earning WorldPoints, you have three options - if your only goal is to get money back, there's no need to do anything. Under the .stnioPxeIf .stnioPxeIf omoc odidencoc ¡Àres ytlèdiF oslobmeer o .laicnanF nalE sasnepmocer ed ametsis Points World that happens from time to time, when we have a chance to speculatively enjoy a change in industry. The worst that could happen is that your points of the world are redeemable for them anyway. Old Fidelity Cash Back = WorldPoints While not commonly known, the old cash loyalty rewards card were actually awarded as No. 1 in Bank of America's WorldPoints. Please click here to log in. You don't do it in the same way that you don't transfer the views of the world, but you just eat with your other worldpoints or travel reward card. Although other 2% µs in cash, such as Citi Double Cash Card have appeared on the market in recent years, loyalty cards µ still remain popular. You will still earn 2 points per ³ spent on your new Fidelity Elan visa card and these flexpoints will still be worth 1 percent per point. Because there's nothing sadder than a stranded spot, is there? As Greg the Frequent Miller wrote back in January, if the new flexility points are redeemable in theory, you can't get as much as 4 cents per ³ spent if you don't maximize your travel flexibility bailouts. You can't do this by using the same FIA card services website that you don't currently use to manage your loyalty card. Last January, loyalty announced that it would be changing its letter service letters from the FIA (which is part of the Bank of America) to Elan Financial Services (which is part of the U.S. Bank). If you don't have any other Bank of America WorldPoints card µ (or a travel reward card) and you don't want to play with the points of view rather than money from you can still transfer your loyalty points to another worldpoint card until July 22. But before getting too excited, it is already clear that the fidelity flexpoints will not be directly redeemable to travel in the way as U.S. Bank FlexPoints. My advice? There are also some cool tricks you can use with WorldPoints, and the best resource for these tricks is probably Arneal's guest post on Doctor of Credit. Then, during this weekend, the rewards system will be changed to the Elan Rewards Center and you will be able to access your loyalty rewards there from Tuesday, July 26. If you are feeling super adventurous and think there is any chance that Fidelity FlexPoints will be transferable to U.S. Bank FlexPerks FlexPerks, you can go the other way and transfer any WorldPoints you may have on other Bank of America cards (or Travel Rewards points) to your Fidelity account.
