Is nascar memorabilia worth anything

Today's NASCAR diecast collectors often consider the value of their diecast collection. As buying NASCAR diecast requires a significant investment. Long time is the days when you could buy a new NASCAR diecast collectable for \$19. Buying a new NASCAR diecast 1:24 from Lionel (the current NASCAR diecast marketer) will give you \$55 for the basic ARC model, and almost \$100 or more if you want to buy the RCCA Elite model even more-collectible. As a result, today's diecast manifold is much more likely to ask "What is the value of my diecast collection?" Fortunately, this is an easy question to answer. Diecast Registry (www.DiecastRegistry.com) is the leading provider of diecast racing collection management tools, and their diecast price guide is the most accurate and comprehensive list available. Simply add the diecast in your garage, and you will see the current market value of each diecast in your collection, as well as the total value of the entire diecast collection. The data below come from the guide to the price of the Diecast Registry - with their permission, of course! Enjoy.
